PRICE 5 CENTS

HUERTA MUST GO, SEEMS TO BE DECISION

However, Washington officials decline to talk in advance of plans President will discuss Friday

All Powers Have Been Asked to Await Early Announcement, It Is Said—A New Plan to Be Considered

WASHINGTON, Oct. 29.—President Wilson has under consideration a new plan for restoring peace in Mexico, which he will discuss with his cabinet Friday and make it public within five days.

Officials are reluctant as to what is contemplated. As the United States has asked not only the European governments but those of Latin America and the Orient to withhold formulation of policy toward Mexico until this government can make known its plans for dealing with it, the President and Secretary Bryan are belligerent making more plans comprehensive than any suggestions heretofore made for pacification of the Southern Republic.

High officials of the government, while declining to say what steps will be taken by the United States, declare that the purposes and aims of the government have been explained in the President's speeches at Swarthmore and Mobile.

The American government's course of action will be put in a vote that will set forth the principle that a constitutional government must be established out of the chaos in Mexico and will suggest means for accomplishing that purpose.

The inability of the Huerta government to conduct a constitutional election, it is thought, will lead the American government to the suggestion of a method of holding elections in which safeguards and guarantees can be given which will permit the constitutionalists to participate freely.

Many diplomats here believe that before the suggestions concerning the election can be carried out, elimination of Huerta from the situation must be accomplished. Various alternatives, such as moral support of constitutionalists, or the lifting of the embargo on arms, have been suggested as ways to influence Huerta to retire.

FEDERALS KILL A MAJOR

LAREDO, Oct. 29.—Major Juan Manuel Lozano of the rebels army and three of his followers were killed when his detachment was surprised at Hidalgo today.

MONTEREY BATTLE STILL ON

Both Rebels and Federals Rustling Reinforcements

EAGLE PASS, Oct. 29.—Armies on both sides in the northwest of Mexico are concentrating at Monterey in one of the largest troop movements in Mexico's recent revolutions.

Orders came here today from Governor Carranza for every rebel to hurry to Monterey, where fighting is reported still in progress. The rebels now concentrating about Monterey are said to number 6,000, drawn from all parts of the north.

GEN. TREVINO CAPTURED

His Later Rescue From Rebels At Monterey Is Reported

MEXICO CITY, Oct. 29.—General Geronimo Trevino, one of the oldest Mexican army officers, was captured by rebels in the assault on Monterey and carried away as a hostage when the rebels were repulsed.

It is reported to the department of the interior tonight that Trevino was rescued by a force under General Penn, who engaged rebels north of the city.

GIRLS FLEE FROM GUAYMAS

Engage in Long Trip To Reach Homes in Hermosillo

LOS ANGELES, Oct. 29.—Eight Mexican girls, college students at

American Girl Is Success In London

Miss Ina Claire.

Rarely has any newcomer to the London stage been acclaimed with such unanimous enthusiasm by the critics as has Miss Ina Claire, the young American actress who made such a success in "The Quaker Girl" in this country last year. She is now playing "The Girl from Utah" in one of London's leading theaters. Miss Claire was born in Washington, D. C., and is not yet twenty-one years of age.

DISGRACEFUL ACTION OF ATTORNEY SENDS HIM TO JAIL FOR SECOND TIME

TOMBSTONE, Oct. 29.—(Special)—For conduct unprecedented on the part of any attorney permitted to practice before the bar in Arizona, so far as the Superior court records of the state are available, Allen R. English, this morning was sent back to the county jail by Superior Judge Lockwood for a period of five days for contempt of court in appearing in intoxicated condition to represent a client.

The district attorney this morning asked the court that the case of Jose Gomez, charged with criminal assault upon a Mexican girl of Douglas, be postponed because the counsel for Gomez was in court intoxicated and unfit to proceed with the trial. English, counsel for Gomez, arose and declared the statement untrue. The court held that it was true and sent English to jail. English was released from jail on Monday, where he was sentenced last week for five days because of a similar incident, a client at that time having charged that he would not have been found guilty had his counsel been sober.

Later in the day, W. B. Miller was appointed by the court to represent Gomez, whom the jury subsequently found guilty. Sentence will be passed Saturday.

Ramon Ybarra today pleaded guilty to assault with intent to murder, the action occurring in Bisbee on Monday. Sentence is withheld until Nov. 8, to allow time for full development of the wound of his victim, Barola.

Earl Smith, a boy hobo aged 19, from Oklahoma, pleaded guilty to 2nd degree burglary, committed at Cochise, where he broke into a trunk and stole \$23. He will be sentenced Saturday.

ASYLUM OFFICIALS IN TROUBLE

Jack Neylan Charges Californian With Embezzlement

SAN BERNARDINO, Cal., Oct. 29.—Dr. P. C. Wishard, secretary to the Medical superintendent of the state hospital for insane at Patton, was arrested today on charge of misappropriation of state funds, made by J. F. Neylan, chairman of the state board of control, who alleges that the shortage amounts to \$200. Neylan, who has been here investigating, declared the alleged embezzlement would total much more.

Guaymas, Sonora, left here today en route for Hermosillo, after having traveled 3000 miles so far to reach the Sonora capital which is but 30 miles from Guaymas, now besieged by rebels. The girls are accompanied by Rev. Frank Marrs and Mrs. Marrs who were principals of the college. Direct travel to Hermosillo was not permitted by the Federals, because of fear that important information as to their position would be elicited by the rebels.

NO PLOTTING ABOARD SHIP AS REFUGEE

American Commander Advises Diaz That He Is Far From Enjoying Liberty—Ordered Below

Says He Fears Landing on British Soil—Wants No More Politics Nor War—Madero Women Alarmed

VERA CRUZ, Oct. 29.—General Felix Diaz, now a refugee in the American battleship Louisiana, learned today that the privilege of asylum or the battleship carries with it certain restrictions, not unlike prison regulations.

By order of Admiral Fletcher, he is prohibited from communicating with anyone from the shore without the admiral's permission. The admiral has also given General Diaz to understand that such permission will be given only in rare instances.

"Will you please go below," said an officer on deck today, saluting the general when the latter had begun conversation with a man who had brought his baggage aboard.

Diaz appeared annoyed for an instant, but complied without protest. Admiral Fletcher explained that while he was willing to place the flagships at the disposal of General Diaz as an asylum, he did not propose to expose himself to charges of making it a place of possible plotting.

It appears probable that Diaz and his companions will be sent ashore from one of the battleships when they sail from Mexican waters the first week in November.

Diaz has expressed preference to be landed at Havana, adding that he is willing to be landed anywhere except at a British port, since he is confident that the British authorities would send him back to Mexico. It is probable he will be landed at Key West, from which port he could proceed to Havana if he so desires.

With reference to the future, General Diaz professes to be through with politics and rebellions. He says he seeks nothing better so long as his country is in its present state than to be permitted to live abroad in peace.

Mrs. Daniel Madero, in fear of being arrested, went to the American consulate this afternoon and remained there several hours. She and Mrs. Elevaristo Madero, were brought here with their husbands, who were arrested by federal authorities at Monterey. The two men are now held in San Juan de Ulloa prison.

SPLENDID RECORD OF BRAVERY TO CREDIT OF DAWSON RESCUERS

DOUGLAS, Oct. 29.—James S. Douglas, who returned here today from Dawson, states that work was resumed yesterday in one of the mines, and today the usual force of miners will commence work in another.

Being able to resume work so quickly after the explosion came as a surprise to even the management, and Mr. Douglas says it was made possible only as the result of the greatest spirit of co-operation on the part of everybody interested and the extraordinary kindness and help of the many people who rushed to the scene of the disaster from other points in New Mexico, Texas and Colorado.

"Aside from the terrible consequences of the disaster," said Mr. Douglas, "the thing that most impressed me was the remarkable and unselfish service of everybody, not only at the mine, but on the part of strangers who rushed to the place as soon as the disaster occurred. Among the most efficient men who responded to the call for help was Mr. French, general manager of the Rocky Mountain Fuel company, who was formerly connected with the Dawson

BISBEE TEMPERATURE
Bisbee temperature yesterday high 70, low 50. No precipitation.

management. He was assisted by Mr. Smith, another man of wide mining experience who responded to the call. Particularly were the employees of the mine who were not injured, loyal, energetic and anxious in the work during the trying hours, day and night and it would require a great deal of newspaper space to recount the many acts of daring and bravery performed by them. It really seemed that no man thought of personal comfort or safety.

There are today fifty bodies yet unrecovered. It is probable that all the men who were not rescued alive were killed instantly. I do not think there was any prolonged suffering. The ones who were rescued alive were scarcely injured at all, but of course they were nearest the bottom of the shaft when the explosion happened."

SCHUMACHER HEAD OF R. I.

E. P. & S. W. Manager Chosen At Directors Meeting Yesterday

NEW YORK, Oct. 29.—Daniel O. Reid retired today as chairman of the board of directors of the Rock Island and Railway company in favor of Thomas M. Schumacher, vice-president of the El Paso & Southwestern, which road is controlled by the banking firm of Phelps, Dodge & Co. Mr. Schumacher was elected to the new position at a meeting of the Rock Island directors. He was also chosen chairman of the road's executive committee, succeeding W. H. Moore. Although it is understood that the Phelps-Dodge company has purchased much stock of the Rock Island, it is announced that Schumacher's election does not indicate any change in the control of the system, which, it is stated, still lies in the hands of the Moore & Reid interests.

BUSCH FAMILY GETS FORTUNE

Divided Between Children and Widow—\$210,000 to Charities

ST LOUIS, Oct. 29.—The will of Adolphus Busch, filed today, makes charitable bequests totaling \$210,000 to a number of St. Louis institutions. The bulk of the estate is in trust. Mrs. Lilly Busch, Charles Nagel and August A. Busch being named trustees.

The trust created by the will is to be disposed of as follows: an eighth to the widow, Mrs. Lilly Busch; two eighths to August A. Busch, son, and for several years active head of the Busch interests; an eighth to be retained by the trustees for each of the daughters, two of whom are resident in Germany.

The Busch homes in Pasadena, Cal. and Cooperstown, N. Y., among the most costly in the United States, were bequeathed to the widow, with the mansion in St. Louis.

FOUL MURDER IN LOS ANGELES

Woman Lured to Room and Strangled to Death

LOS ANGELES, Oct. 29.—Under pretense of wishing to return some furs he had taken from her some months ago a man registered as W. Wilson, Santa Barbara, lured Mrs. Harriet Verdon to his room in an apartment house last night and strangled her to death.

Her body was found by a friend today. The police are searching for Charles Gabriel, who is said to have been annoying Mrs. Verdon for a year.

SIDE TRACK CENTRAL BANK

WASHINGTON, Oct. 29.—Important changes in the administration currency bill resulted from the first day's executive work of the senate committee. It passed over for later action the proposition of a central bank and proceeded to perfect details of the general measure. It decided to increase membership of the board of directors to nine and stimulate the secretary of agriculture and comptroller of currency from service; also to arrange terms so that one member's service would expire each year.

FOR EFFICIENCY

WASHINGTON, Oct. 29.—By direction of the President revenue collectors of the country were notified to night that recent action of congress in removing deputy collectors from the protection of civil service did not mean return to the spoils system, but only for efficiency.

CONGRESS AT HARRISBURG

HARRISBURG, Pa., Oct. 29.—State officials, representative manufacturers and leaders of organized labor assembled at the Capitol in considerable number today for the third State convention for industrial welfare and safety. Among the topics discussed during the day were Vocational education, fire prevention, safety and health in the mines, and good highways and their effect on industry.

VIOLENCE IS RAMPANT IN COLORADO

Burning of Postoffice May Bring U. S. Into Conflict—Bombs in Use—Property Destruction Continues

Strikers Shift Fighting Scenes—Presence of Troops Angers—General Strike Is Threatened in State

TRINIDAD, Oct. 29.—Violence among the striking miners in the Southern Colorado coal fields today shifted from Ludlow and its immediate vicinity to Aguilar, six miles north of the big Ludlow tent colony. It is possible federal complications were precipitated at the office of the Southwestern Fuel Co., where last night and early today a battle waged between the strikers and a handful of mine guards.

After defeating the guards and capturing the mine office, where the postoffice is also situated, the strikers are charged with having kicked over a stove, setting fire to the building, which was completely destroyed together with the contents of the United States mail and money orders and money of the postoffice.

Postmaster Arthur Samples said today that the evidence at present is that the mail had been rifled before the building was fired. Opened envelopes were found nearby, half burned.

After wrapping the Southwestern offices, the miners went to the Empire mine of the same company, and began attack there. No resistance was offered and they withdrew shortly, doing no more damage than rifling the boiler house with bullets.

A bomb explosion in the camp of the Colorado Fuel & Iron company at Sopris, the burning of a bridge of the Colorado & Wyoming railway, between Segundo and Primero, and a pitched battle between strikers and guards at Delagua, were reported by Adjutant General Chase, as having occurred tonight.

Presence of the troops here has caused much bitterness on the part of the strikers. A meeting of the executive board of the United Miners of Colorado was held in Pueblo tonight to discuss the situation and to call a meeting of delegates from each trade union in the state to determine upon the advisability of calling a strike in every department of organized labor. 600 militiamen are camping here tonight.

PLEADS FOR FREEDOM OF DYNAMITERS ON LAW TECHNICALITIES

CHICAGO, Oct. 29.—In behalf of Frank M. Ryan, president of the Iron Workers Union, Olaf A. Tremore, of San Francisco and other labor union officials adjudged guilty of complicity in the McNamara dynamite plots, Chester H. Krum, their chief counsel, argued before the U. S. circuit court of appeals today that even if the defendants were guilty of illegally transporting dynamite and even if contractors who refused to join the union, the statute of limitations had run out before the men were tried.

That the Federal court in Indianapolis committed an error in allowing Orrie F. McManigal and Edward Clark, confessed dynamiters, to testify against other men, because Clark and McManigal were co-conspirators and their testimony incompetent.

"That the destruction of non union work was an offense against the state though they had blown up the work and not against the Federal government; that the law prohibiting transportation of explosives on passenger trains was a precaution for safety of passengers and directed against railroad roads.

"That the men were convicted of both conspiracy and direct violation on the same evidence and therefore punished more than once for the same offense."

District Attorney C. W. Miller, of Indiana will begin argument for the government tomorrow.

Spanish Queen Has Domestic Tastes

Queen of Spain and her latest born.

This new picture of Queen Victoria-Eugenie of Spain shows the domestic side of Alfonso's consort. She is seen holding in her arms little Prince Juan, born last June. The Spanish queen inherits her love of the domestic life from her grandmother, Queen Victoria of England.

GATES FUNERAL TO BE HELD IN NEW YORK—DEATH NOT UNEXPECTED

NEW YORK, Oct. 29.—The funeral services of Charles G. Gates, who died suddenly yesterday in Cody, Wyoming, will be held in the Madison Episcopal church here, next Sunday afternoon.

A special train from the west, bearing the body is expected here Friday afternoon. Gates will be buried beside his father in Woodlawn cemetery. Because the mausoleum erected by the Gates family is still in process of construction, the body will be placed temporarily in the family vault.

CHICAGO, Oct. 29.—James A. Patton received a telegram today from T. E. Lewis, Minneapolis grain man, an intimate friend of Charles G. Gates, declaring his opinion that Gates did not expect to return alive from the hunting trip.

"He was seized with a very bad cold," read the telegram, "and rushed on a special train to see a doctor in New York. He was there for two weeks and then went on the hunting trip. He took two doctors along. I think he did not expect to return alive, although I heard from him Saturday and again Monday in telegrams of cheerful tone."

NEW YORK CAMPAIGN HOT

Majority Candidates Keep Up Fire—Hennessey Busy

NEW YORK, Oct. 29.—New York's heated municipal campaign was kept at fever stage tonight. John A. Hennessey, Gov. Sulzer's graft investigator whose speeches for the fusion ticket headed by John Purroy Mitchell have been a striking feature of the campaign, kept up his attacks on Tammany Hall and Edward E. McCall, Tammany nominee, laying stress in his talks tonight on the progress of the charge canal graft, by which he declared Tammany benefitted.

Former Judge McCall, who spoke in Manhattan and Brooklyn attacked Mitchell because of former connection as counsel for a corporation.

LAND LAWS A SORRY MESS

TULSA, Okla., Oct. 29.—Representative Scott Ferris, of Oklahoma, chairman of the house committee on public lands, in an address before the international Dry Farming congress here tonight, criticized the administration of affairs in the interior department, assailing the federal land laws now in force as "jargon of inconsistencies that retard progress and development."

DUKE PLEADS GUILTY

SEATTLE, Oct. 29.—Laurence Duke, son of Brodie Duke, tobacco manufacturer, pleaded guilty today in the superior court to the charge of manslaughter preferred which his automobile ran down and killed two men, two weeks ago.

SAFETY PLAN IS ARRANGED FOR RACE DAY

M. W. Powell to Be in Direction—Will Have 14 Guards to Patrol Route From Bisbee to Douglas

Is All Important That the Public Co-operate—Only Manner in Which Disaster May Be Averted

To insure safety for all, for spectators and for racers and for those engaged in their usual avocations next Tuesday and Wednesday the county officials have empowered Sheriff Wheeler to appoint 8 extra deputies and he will make good use of the power conferred upon him. This insures at least 14 guards along the road from the city line of Bisbee to Douglas. Between Douglas and Tombstone there will be fully 20 guards or patrols to keep the way clear and prevent accidents to passers or to machines.

The meeting of the Bisbee section of the race committee was attended by Chairman Hickey of the Board of Supervisors and Sheriff Wheeler. Then the request for more deputies was made and was immediately granted. Sheriff Wheeler explained the need of one or two men in Douglas and two or three on the road between here and that city and told of the plans he had already made to be on duty himself with 5 regular deputies. A desire for co-operation between Auto club, city and county officials was clearly manifested and all arrangements were speedily completed. The sheriff joins with the race committee when they again urge every merchant in Bisbee and Lowell to make all deliveries before noon Tuesday. Traffic is to be kept off Naco road as much as possible.

At the meeting of the directors of the Auto club and the race committee M. W. Powell was appointed chairman of the race committee in place of R. E. Powell who has been called away by the death of his father. Thus the committee as now constituted is M. W. Powell, W. P. Sims, J. J. Bowen, J. H. Gray, N. C. Hledsoe and B. L. Smith, Messrs. Bowen, Hledsoe and Smith are the official checkers.

The control in Bisbee begins at a line drawn across Naco Road from the easterly wall of the freight depot. This gives ample time to slow down before reaching the incline which will be put in at the westerly gate of the Copper Queen plaza where the cars will be parked. The exit is a line drawn from the post office corner to the Bank of Bisbee corner. Till the word "go" is given that line no car can be touched by its driver or mechanic after it crosses the line but it is driven to the parking place. It cannot even be cranked till pushed to the line. The cars will be guarded by two special city officers.

As the first car leaves El Paso at 5:40 Tuesday morning the racers may be expected to begin arriving about 2 o'clock in the afternoon and to continue arriving until sundown. Next morning the first car to arrive in Bisbee will be sent away at 5:30 o'clock on the dot and thereafter they will be pushed to the line every five minutes in the order of their arrival. It has been deemed inadvisable to dine or give a smoker to the racers it being considered that rest for them while their cars are in control is essential. The Y. M. C. A. has generously offered the bath room facilities of its home and rooms have been reserved for the speedsters to which they can retire as speedily as they desire.

Another matter looking to safety will be settled this week when signs, mounted on 6 foot posts and put up at two or three danger spots between here and Douglas, including the one where the State turned over and at sharp curves on the mountain road. Thus all details have now been practically arranged and Bisbee is awaiting the arrival of the racers.

MORE CABIN CREEK STRIKERS

CHARLESTON, W. Va., Oct. 29.—300 Miners employed by the National Bituminous Coal & Coke company at Eskale, on Cabin Creek, went on strike today.
